ABOUT US

Inventor of the famous price cubes and leader in this field, Lansa SA is a Swiss company offering optimal solutions for luxury retailers of jewellery, watches, eyewear and perfumery, as well as leather goods, clothes, shoes, and spirits. For more than 80 years, most luxury brands around the world have relied on us to enhance their products at Point of Sale.

All the creations in our collection are made in Switzerland, drawing on the experience and pioneering vision of our own designers.

Since July 2012, Lansa has been part of Pac Team Group, a world leader in the enhancement of luxury goods in window displays, shop-in-shops and packaging. This has enabled Lansa, already well known in Europe, the UK and the United States, to have a base in Asia and to provide outstanding service, anticipating and satisfying clients’ needs.

Always looking for our clients’ satisfaction and thanks to new partnerships we enriched our collection with exceptional products for jewellers. High-quality cleaning cloths and gloves, cleaning solutions for jewellery and glasses, but also jeweller instruments for work with precious stones : you will find them - and much more - in this catalogue and online on www.lansapricingsystem.com
